In Memoriam

Professor Emeritus Alan H. Barrett (1927 - 1991)

Nobel laureate Dr. Norman F. Ramsey, Jr. of Harvard University and MIT President Dr. Charles M. Vest rendezvous with RLE's Director Jonathan Allen.

RLE Directors Emeriti Jerome B. Wiesner (left) and Albert G. Hill (center) confer with Robert V. Pound. All three were with RadLab's Group 53 (Radio Frequency).

Institute Professor Emeritus Walter A. Rosenblith catches up with Professor Daniel Kleppner, RLE Associate Director.

Celebrating Milestones

In 1991, two distinguished anniversaries were celebrated: the MIT Radiation Laboratory's 50th and RLE's 45th. The Research Laboratory of Electronics, which was established in 1946, grew out of MIT's wartime Radiation Laboratory (1940-45). Two special events were held to honor the milestones shared by these laboratories. (Photos by John Cook)

Former RLE RadLab editor Dr. Helen L. Thomas with Professor and RLE Director Emeritus Henry J. Zimmerman.

Former RadLab/RLE staffers Frank J. O'Brien and D. Cosmo Papa renew acquaintances.
